CAREER OBJECTIVE:

Dedicated and skilled .NET Senior Software Engineer with over two years of experience in designing, developing, and maintaining robust web applications. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Seeking opportunities to contribute my expertise in creating scalable and innovative applications.

PROFESSIONAL EXPERIENCE:

Senior Software Engineer
Capgemini
Pune, India
Sept 2021 - Present

- Designed and implemented high-quality .NET applications using C#, ASP.NET Core, and Web Services.
- Designed responsive user interfaces with HTML, JavaScript and CSS.
- Created stored procedures and other database objects in MS SQL Server.
- Debugged existing code to identify and resolve issues.
- Maintained source control repository of all software development activities.
- Performed system analysis to determine requirements for new features or modifications.
- Integrated third-party APIs into existing applications.
- Optimized performance of existing web services by refactoring codebase.
- Collaborated with business stakeholders to define project scope and timeline requirements.
- Monitored application logs for errors or unexpected behavior patterns.
- Actively wrote comprehensive test cases to validate the functionality, security, and performance of applications, ensuring high-quality software.
- Integrated Azure DevOps into the development workflow, automating build and release pipelines for continuous development and deployment. This included setting up CI/CD pipelines, managing deployment environments, and ensuring smooth deployments.
- Actively participated in Agile/Scrum development processes, attending daily stand-ups, sprint planning, and retrospectives.

ACADEMIC PROFILE:

- **Master of Computer Applications** from **Sri Venkateswara University** with 75% in 2021.
- **BSc (Physics)** from **Sri Ramakrishna Degree College** with 92% in 2018.
- **Intermediate (MPC)** from **Sri Vidya Vikas Junior College** with 80% in 2015.
- **SSC** from **Sri Raja Rajeswari High School** with 88% in 2013.

TECHNICAL SKILLS:

- Programming Languages: C#, Python
- Web Frameworks: ASP.NET Core, ASP.NET Core MVC, Django
- Front-End Technologies: HTML, CSS, JavaScript, Bootstrap, jQuery
- Database Management: SQL Server, Entity Framework Core, LINQ
- Version Control: Git
- Cloud Technologies: MS Azure, Google Cloud Platform
- RESTful API Development
- Azure DevOps
- Continuous Integration/Continuous Deployment (CI/CD)
- Agile/Scrum Methodology
- Problem Solving and Troubleshooting
- Strong Collaboration and Communication

PROJECTS:

CL-PRS, Select HUB
Insurance based web application
Description:
The project involves the development of a comprehensive insurance-based web application designed to automate and streamline the generation of insurance-related documents. This includes policies, contracts, claims, invoices, and certificates. An essential component of this project is the seamless integration with ImageRight, a widely used document management and imaging solution within the insurance industry.

Connect My Doc
Capgemini-Training
Description:
"Connect to my doctor" is a training project that aims to develop a platform for patients to securely communicate with their doctors, schedule appointments, access medical records, and receive remote consultations.

ACHIVEMENTS:

- Got **Raising Star** Award in Capgemini.
- Participated in National Space Week Program Conducted by ISRO at Sri RamaKrishna Degree College, Nandyal.

CERTIFICATIONS:

- Cleared **Google Cloud Certification** as Associate Cloud Engineer.
- Cleared AZ900 **MS Azure Fundamentals** certification.
- Certified by **Scalar** in **S.O.L.I.D Principles** workshop.
- Certified by **Scalar** in **JavaScript Bootcamp** workshop.
